

Title: Christmas Is Calling
Lyrics: Val Kilmer

Snow is falling
Christmas is calling
Good God dontcha know
Happiness is all That we need live for
Children's faces
Oh how they grace us
Show us how to feel
Only love is real
Oh let it shine on you
And the sleigh bells ring
And the children sing
All over the world
All over the world
All over the world
All over the world
All over the world
Peace is showing
Christmas is glowing
Good God dontcha
Giving is all
There's nothing to fear now
And the sleigh bells ring
And the children sing
All over the world
All over the world
All over the world
All over the world
All over the world
Yeah Hey
Oh, oh oh oh Oh, oh oh oh
Come together now My brother
All over, all over the world
Oh, all over the world
Come together now My sister
All over all over the world (2x)
Oh, all over all over the world
(fade)
